ANNOUNCEMENT OF POSITION VACANCY
Assistant Professor of Mechanical Engineering

RESPONSIBILITIES: This position supports the Colorado Mesa University (CMU) Applied Mechanical Engineering (AME) Program and the CMU Mechanical Engineering (ME) Partnership Program with the University of Colorado-Boulder. Both programs offer BS undergraduate degrees. Primary teaching responsibilities include basic lower-level engineering courses supporting both the AME and ME programs and upper-level engineering courses (in thermo-fluids, energy and/or controls) that support the AME program. The average teaching load is 12 credit hours per semester. The successful applicant is expected to develop project-based learning curricular materials and laboratory experiences. The incumbent is also expected to contribute to student advising, recruitment, interactions with industry, accreditation and professional development activities. More information about the engineering programs offered at CMU can be found at: http://www.coloradomesa.edu/engineering/.

EDUCATION & EXPERIENCE:
- A Masters in a relevant engineering discipline is required; a PhD in a relevant engineering discipline is preferred. Relevant disciplines include but may not be limited to mechanical, manufacturing, nuclear, biomechanical, and aerospace.
- Relevant teaching and industrial experience;
- The ability to teach upper-level courses in thermo-fluids, energy and/or controls;
- A demonstrated commitment to high-quality undergraduate engineering education;
- An interest in engaging in research activities with undergraduate students.

TYPE OF APPOINTMENT: Full-time, tenure-track appointment to begin August, 2016.

SALARY: Commensurate with education and experience. Excellent health and retirement benefits.

APPLICATION DEADLINE: Open until filled. Review of complete application packets will begin November 20, 2015.

APPLICATION: To be considered for the position applicants must submit:
- A cover letter and CV outlining your qualifications and experience as they relate to the specific requirements of this position;
- Unofficial transcripts for all degrees completed (official transcripts will be required upon hire);
- Statement of teaching philosophy, teaching interests and experience (including a list of courses you are qualified to teach), and research interests as they relate to undergraduate education;
- The following completed forms:
  Applicant Authorization to permit Search Committee members to review candidate transcript
  Applicant Authorization and Release to Conduct Reference and Background Check form
  Voluntary Affirmative Action form.

ABOUT COLORADO MESA UNIVERSITY: CMU is a rapidly growing four-year state-supported university located in Grand Junction, Colorado. CMU’s engineering programs take great pride in providing educational opportunities and tools that help students succeed in today’s complex and interconnected world. The focus is on providing a quality academic experience with fundamentals that responds to regional, national and international employment needs. Grand Junction, nestled between mountains and high-desert canyons, is home to some of the best outdoor recreation in the country and enjoys 300 days of sunshine a year.
